

THE IMS RETROFIT LIMITED WARRANTY

LN Engineering LLC warrants that parts purchased from an authorized **IMS RETROFIT** dealer or distributor, that were installed by a qualified installer **and** that were installed in compliance with, and precisely following, **all** guidelines and procedures, to include registration, set forth in LN Engineering LLC's installation guide, are free from defects in materials and workmanship for thirty (30) days/1,000 miles from the date of part installation for the Classic Single Row (106-08.2) and for two (2) years/24,000 miles for the Classic Dual Row (106-08.4).

This limited warranty does not cover products purchased through online auction websites and is not to be sold "retail" to any "consumer" as that term is defined under the Magnuson-Moss Warranty Act, 15 U.S.C. 2301 et seq.

No other express warranty is given and no affirmation, by words or action, shall constitute a warranty.

This warranty applies to vehicles registered and normally operated in the United States and Canada.

THIS WARRANTY IS VALID ONLY IF THE IMS RETROFIT WAS INSTALLED AS PART OF PREVENTATIVE MAINTENANCE BEFORE THE ORIGINAL BEARING FAILED OR BEGAN TO FAIL.

ABUSE, INCORRECT, OR UNAPPROVED INSTALLATION OR ANY DEVIATION FROM THE INSTALLATION GUIDELINES AND REQUIRED INSTALLATION PROCEDURES INCLUDING PRE-QUALIFICATION, TO INCLUDE REGISTRATION, WILL VOID THE WARRANTY.

REMEDIES

The **sole and exclusive** remedy against LN Engineering LLC arising from this warranty is limited to, at LN Engineering LLC's option, replacement of the defective part manufactured/produced by LN Engineering LLC or refund of the **WHOLESALE purchase price of LN Engineering. Non-IMS Retrofit subcomponents ARE NOT covered by this warranty.**

If a LN Engineering LLC preferred installer installed the failed part and a LN Engineering LLC preferred installer does the subsequent repair, the labor by certified installers is covered, up to \$50 an hour, not to exceed 100% of the part's **WHOLESALE purchase price of the IMS Retrofit**, however, reimbursement of installation labor, if incurred as a result of the failure of LN Engineering, must be pre-approved by LN Engineering LLC.

Warranty claims must be made directly to LN Engineering LLC. To make a warranty claim ship or mail us the part along with a copy of your receipt to establish proof of purchase. Also be sure to include your return mailing address, email address and phone number. Using a trackable means, ship or mail the claim to:

LN Engineering LLC
125 Gladiolus Street
P.O. Box 401
Momence, IL 60954,

Once LN Engineering LLC receives your warranty claim, we will evaluate it (typically within 7-10 business days of receipt) to determine whether the returned product does not conform to the limited warranty. If LN Engineering LLC determines that there is a warranted defect in the product, LN Engineering LLC will, at its option, remedy the defect as set forth in the limited warranty.

In the event that it is determined that the part must be replaced, the original part must be returned to LN Engineering LLC along with documentation that the warranty validation and registration requirements, listed below, have been fulfilled.

REGISTRATION AND RETURN OF ORIGINAL BEARING REQUIRED

In order to be eligible for replacement parts under this warranty you **MUST** return the warranty registration form attached below within thirty (30) days of installation.

WARRANTY DISCLAIMERS AND LIMITATIONS OF LIABILITY

Except for the express warranty stated above, LN Engineering LLC makes no warranties, either express or implied, for or with respect to any part purchased, and **MAKES NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE** of any kind or character.

LN ENGINEERING SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OF ITS PARTS.
